

## QAD Primary Community Enjoy Arabic Language Day Celebration

Earlier this week, the KG students and staff organized an Arabic Language Day to show their families how they have been learning their home language in school this year.

Parents loved the chance to be involved in hands-on activities and seeing how children were learning through play. They also heard students sing awesome Arabic songs - a delight to their ears.

Parents and students had access to five different Arabic Language activity stations so they could experience how children learn.

After that, parents were asked for their feedback. We received what our ears wanted to hear: They loved every minute of the event.

Mrs Frida, KG teacher, explained: "The dual-language learning that happens here at QAD is effective and encouraged. We are proud of the progress and achievement of every child. I loved that parents could see how independent students are when learning via play-based and inquiry activities."

We are proud of our Qatari identity and how our students can speak not only English but also Arabic, our national language.

Parents and children loved Arabic Language Day

Students and their families enjoyed the activities during Arabic Language Day in KG

## QAD Boys and Girls Teams Triumph in Qatari Schools and Clubs Tournament

The QAD Under-11 Boys Team celebrating their impressive success

This week, football teams from QAD competed in the latest Qatari Schools and Clubs competition organized by Qatar Foundation.

The QAD Under-9s Boys A Team won their competition after a thrilling penalty shoot-out in the final. Our B Team earned the bronze medal after achieving 3<sup>rd</sup> position.

The QAD Under-11s Girls A Team won their competition. Our QAD C Team achieved 3<sup>rd</sup> place and walked away proudly with their bronze medals.

The QAD Under-11s Boys A Team also won their tournament after defeating our very own QAD B Team in the final. Seeing both teams dominate this 8-team competition was very impressive.

Khalid Al Khulaifi, Grade 5, explained: "I feel proud of all our teams. We love football and seeing everyone smile was great. My favorite moment was when I scored the winning goal in the last minute. I will always remember lifting that trophy, it felt great!"
