

QAD Primary Students Donate School Supplies to Afghan Refugees

The helpful children of Qatar Academy Doha donated educational supplies to support children from Afghanistan.

These children had to fly out of Afghanistan so quickly that they could not bring absolutely anything with them. They are now safe in Doha but some of them have no family around them here. Qatar Foundation helped them to find a place to sleep and eat.

Luckily, Qatar Academy Doha came to action: The whole of Grade 5 decided to gleefully support by collecting backpacks along with their teachers and other important people.

At first, it was a Grade 5 project but then teachers and students from Pre-School to Grade 4 also started donating.

The students convinced their parents to be generous. Many went to the stores to buy school supplies such as bags, pencils, crayons, water bottles, pencil cases, rulers, sharpeners and something little to remind them of Qatar.

Taking action to support others.

Grade 5 students and teachers working together to help Afghan refugees.

“We feel proud of what we have achieved. We wish we could do more to help Afghan children in the future. We hope they remember Qatar in their hearts.”

Feeling proud after a tiring day of preparations.

The students at QAD were rewarded for their efforts when they saw photographs of the Afghan refugees collecting their bags - that was all they needed.

On Monday 20th September, the students at QAD delivered a fantastic 140 backpacks to the Afghan refugees.

One Grade 5 student told QAD News: “We feel incredibly proud of what we have achieved. We wish we could do more to help them in the future. We hope they remember Qatar in their hearts.”

The Afghan refugees will fly to other countries such as America or Australia. Wherever they go, they will have these backpacks with them to remind them of how Qatar helped them.

All children should live safely and happily. We hope those in charge agree with us and declare peace everywhere.

We hope the Afghan refugees have great schools in their new countries - it is our plan to keep them in our hearts forever.

A team effort for a good cause.
